Educating Children of Injured Workers

In a single year, more than 50,000 Louisiana workers are injured on the job and more than 100 are killed. It is the families and, more often, the children who are many times forgotten when these losses occur.

Kids' Chance is administered by the LBF and is governed by a committee representing a cross-section of the legal and workers' compensation communities. Kids' Chance scholarships are funded solely by contributions from corporations, organizations and individuals.

Your tax deductible donation could help fulfill the dream of a student who sees only obstacles on the horizon.
