President’s Message

It is my pleasure to report to you on the activities of the LBF and an eventful year.

In 2016, the LBF awarded $6.3 million in grants, to more than 70 deserving non-profit organizations and public interest legal aid attorneys for social justice initiatives across the state. In April 2017, the Board approved grant funding for the 2017-2018 fiscal year. I am happy to tell you that the total amount of grants to be awarded will increase by approximately $800,000.

Historically, state bar foundations, including the LBF, made grants to legal aid programs using funding exclusively from Interest on Lawyer’s Trust Accounts (IOLTA). For example, in 2005, 80 percent of the LBF’s $2.1 million budget was from IOLTA funds. Between 2007 and 2011, IOLTA income declined by a dramatic 74 percent due to drastic reductions in interest rates. The LBF began working on innovative approaches to identify new funding sources to keep up with the growing need for civil legal aid services. This fiscal year, the LBF budget has grown to $8.3 million with only 30 percent from IOLTA. The LBF is the largest state funder of civil legal aid.

In addition to IOLTA funding, the LBF has secured several new funding sources:

**Child in Need of Care Program** (CINC) – Beginning in 2009, the LBF began serving as administrator for the Louisiana Supreme Court’s Child in Need of Care Program providing governance and oversight of funds for free legal representation to children in foster care. More than $2 million is sub granted annually to the legal services corporations. The LBF continues to serve as administrator. Last year, the program provided representation to 3,384 children, made more than 15,162 court appearances on their behalf and participated in 1,459 family team conferences.

**Cy Pres** – In 2012, the Louisiana Supreme Court adopted Rule SLIII (43) naming the LBF a permissible recipient of Cy Pres funds and the only organization specifically identified in the rule. Over the past two years, the LBF has received nearly $90,000 in Cy Pres funds from Orleans Parish Civil District Court judges.

**Mortgage Servicing Settlement** – In 2013, the LBF began serving as administrator of partial funding from the Office of the Louisiana Attorney General for the federal mortgage servicing settlement. In partnership with the legal services corporations, Louisiana Appleseed and the Louisiana Civil Justice Center, this program provided free legal representation to affected consumers for three years.

**Pro Hac Vice Fees** – In 2015, the LBF and the Louisiana Attorney Disciplinary Board entered into an agreement regarding the increase of pro hac vice fees. The increased funds are directed to the LBF and then awarded to the legal services corporations. The funds generated $132,000 in 2016 and that money was disbursed to the LSCs in February.

**Unidentified Funds** – In March, the Louisiana Supreme Court adopted an amendment to the Rules of Professional Conduct, Rule 1.15 (Safekeeping Property) to help lawyers properly dispose of unidentified funds in their IOLTA accounts for at least one year and after diligent effort to document them as belonging to a client. The unidentified funds are remitted to the LBF for funding of civil legal services. Guidance and instructions for remitting unidentified funds are available on the LBF website.

**Bank of America** – In 2015 and 2016, the LBF received funds from the U.S. Department of Justice, Bank of America Settlement to continue helping families stay in their homes and out of foreclosure and bankruptcy. The funds are being used for increased grant awards, prioritizing direct legal services.
In addition to securing new funding, the LBF has worked to support new program areas. These include:

**Advocacy** – In 2008 the LBF began financial and in-kind support of Louisiana Appleseed, part of a national network of public interest justice centers that use volunteers who donate pro bono time to effect long-lasting, systemic change. In 2016, the LBF expanded support to Louisiana Appleseed to proactively increase advocacy on behalf of civil legal aid to bring systemic relief to the poor.

We also continue our partnership with Appleseed on the Fellows Class Project, a way for new Fellows to get involved and be a part of the LBF mission. The new Clear Title Project is currently underway and focuses on educating Louisiana residents about how to preserve home ownership.

**Technology** – In 2016 the LBF provided $125,000 to the Louisiana Civil Justice Center for a statewide hotline to provide intake, brief service and referral to the legal service corporations and pro bono projects. Also in 2016, the LBF created a new funding category to help increase access through self-help centers and kiosks in the district courts. A total of $79,000 was awarded to establish 9 programs across the state.

**Flood Recovery** – Following the March and August 2016 floods, the LBF established the Flood Recovery Fund with generous assistance from donors across the country. Total funding of $200,000 was granted to the legal services corporations and pro bono projects in the affected areas to address victims’ legal needs including homeowner’s insurance, title clearing and federal aid eligibility utilizing community-based, clinic models in conjunction with FEMA’s disaster recovery centers.

**Training** – As part of the LBF’s commitment to strengthen grantee board leadership and the Louisiana civil legal aid network, the LBF began hosting board training for grantees in 2013. Training is designed to strengthen leadership by reviewing board member responsibilities, program and administration priorities for the organizations and evaluation of mission goals. The 2016 training was held in conjunction with the LSBA Justice Community Conference and was well attended by LBF grantee leadership.

**Awareness** – Through grants received in 2015 and 2016, the LBF is working to educate and engage the broader philanthropic community about the value of supporting civil legal aid and integrating civil legal aid services throughout their work. Through strategic partnerships with the Louisiana community foundations and the LBF Community Partnership Panels, these organizations are learning about the value of supporting civil legal aid. Together, we are working to introduce the community foundations to our grantees and are working to identify co-funding opportunities to enhance foundation support for civil legal aid.

Some other program updates -

The **Kid’s Chance Scholarship Program** provides scholarships to children of workers who are permanently and totally disabled or killed in a work-related accident. The LBF awarded $67,000 in scholarships to 20 Louisiana students for the 2016-2017 school year.

Through the **Oral History Project**, the LBF produces a continuing series of oral histories of retiring judges, bar leaders and other legal personalities. We currently have a collection of nearly 100 oral histories on the LBF website that are available for use in classrooms, continuing legal education seminars.

The LBF’s nine, regional **Community Partnership Panels** work to identify areas of need for LBF funding and serve as our local eyes and ears. The panel members serve as liaisons to local grantees, foster collaboration with local stakeholders, respond to arising community needs and encourage local involvement in directing discretionary grant funds through a flexible process. The panels also...
provide nominations for the LBF Board, nominations for the distinguished awards and help identify new LBF Fellows.

Social Return on Investment
At the request of the Louisiana Legislature and on behalf of the Access to Justice Commission, the LBF funded an Economic Impact and Social Return on Investment Analysis, or SROI, for fiscal year 2016. SROI is an internationally standardized and accepted process for measuring and understanding the financial impact of a social services organization. While SROI is built on the logic of cost/benefit analysis, it is different in that it measures the comparable value of organizations whose results cannot be easily measured in money. Nearly 40 civil legal aid organizations providing services in Louisiana participated in the Analysis.

The Analysis was completed in December and shows that dollars spent on Louisiana’s civil legal aid providers are well spent and deliver unmistakable economic returns to the state. In fiscal year 2016, Louisiana’s civil legal aid organizations provided assistance in 26,437 legal matters consisting of over 100 types of civil legal problems including family law, housing, healthcare, public benefits, consumer protection, community support issues, government and legal system issues. Other key findings include:

- The net economic impact value resulting from Louisiana civil legal activities during the year totaled $93,977,000.
- The total net social return on investment for Louisiana’s civil legal aid programs during the 2016 fiscal year was 873%.
- In other words, for every $1 invested in Louisiana’s civil legal aid services, these programs deliver $8.73 in immediate and long-term consequential financial benefits.

These findings show that continued funds allocated to the civil legal aid providers will provide a substantial impact. Investing in civil legal aid is a powerful way to help people solve critical problems and prevent events that are harmful and expensive for our state. Schools, businesses, government agencies and the state as a whole benefit from resolving civil legal problems. We are working with the Access to Justice Commission to share the results of the study and better educate the public on the value of funding civil legal aid.

The LBF is committed to serving all Louisiana households in poverty. Investing in civil legal aid helps people solve critical problems and prevent events that are personally harmful and expensive for society. Civil legal needs have a ripple effect, not only affecting the families served, but the community at large. Schools, businesses, government agencies and the state as a whole benefit from resolving civil legal problems.

Our society improves when people understand the law and have equal access to justice. It is our job to continue to provide civil legal assistance to Louisiana’s most vulnerable citizens because access to affordable legal services is critical in a society that depends on the rule of law. As our needs, resources and technology change, so must our approach to addressing the unmet civil legal needs of those in our state. Our profession must ensure that the justice system serves everyone and that the rule of law is preserved.

It has been an honor and privilege to serve as your President. I would like to extend special thanks to the Board of Directors, Executive Committee and the LBF staff. I have truly enjoyed working with you on our important mission to serve the most vulnerable in our communities. It is with sincere gratitude that I thank everyone who has supported the LBF during my year as president.
